http://forums.radioreference.com/community-announcements-news/248711-coming-soon-broadcastify-com.html

---

I'm pleased to announce that on October 15th, 2012, we will be spinning off the live audio feeds on RadioReference.com to a new entity called Broadcastify.com. This will allow us to better focus RadioReference.com on it's core service, to be a reference source. Broadcastify will provide a stand alone entity to focus on the live audio feeds. You can see what the site will look like via the attached screenshot.

Again, the launch of this new site is scheduled for October 15th, 2012.

In addition to spinning off the live audio platform to a stand alone entity, we will be releasing new features and functionality to the broadcastify live audio platform. The below bullet points outline some of those updates and changes from what we have existing on RadioReference.com:

* 180 days of archives for all regular feeds
* 365 days of archives for official feeds
* Official feeds will have access to audio trimming capabilities
* Notable incidents section for storage of interesting audio archives
* Revamped feed alert system

Premium Features ($6.95/month)

* Access to feed archives
* customized player page for managing favorite feeds
* Email and SMS alerting for listener counts, feed alerts, and other user defined criteria
* No advertisements
* Unlimited listening times on the Web players

== Transition ==

Existing premium subscribers on RadioReference.com will have their subscriptions extended to Broadcastify for the term that they paid for on RadioReference.com. Meaning, if you paid for 180 days of a premium subscription on RadioReference.com and you have 120 days left, you will be automatically granted a 120 subscription on Broadcastify. New premium subscribers and renewals will be billed at a monthly rate of $6.95/month. Feed providers will ALWAYS receive a free premium

subscription on Broadcastify.com, however they will no longer receive a free premium subscription on RadioReference.com. We will provide a complimentary 90 day RadioReference.com subscription to every active feed provider after the transition is complete on 10/15.

Also note that we will not have a "premium feed broadcaster" offering, rather we will incorporate most of those previously announced features into the regular broadcasting platform on broadcastify for all providers, free of charge.

When the transition occurs, broadcasters will not have to change anything on their end - everything will automatically transition over to the new Broadcastify servers. Mobile apps, remote Web players, relays, etc will also not have to be immediately changed and will continue to function normally when the changeover is complete.

Exciting times are ahead for Broadcastify and Radioreference and I'm thrilled to be making these announcements to the community today!

Warm regards,

Lindsay

719. Fwd: Announcing Broadcastify.com - Launches 10/15/2012

Yahoo group: ScanIndiana
Date: 2012-09-26 16:28:50 UTC
From: starcom21@RadioReference.com
Topic: 719 Message: 719

Dear Feed Broadcasters,

I'm pleased to announce that on October 15th, 2012, we will be spinning offthe live audio feeds on RadioReference.com to a new entity called Broadcastify.com. This will allow us to better focus on RadioReference.com and it's core service, to be a reference source. Broadcastify will allow us to have a stand alone entity to focus on the live audio feeds. You can see what the site will look like via the screenshot at the link below.

http://www.radioreference.com/bcfy.jpg

In addition to spinning off the live audio platform to a stand alone entity, we will be releasing new features and functionality to the broadcastify live audio platform. The below bullet points outline those updates and changes from what we have existing on RadioReference.com:

* Broadcasting and listening will continue to and always be free
* 180 days of archives for all regular feeds
* 365 days of archives for official feeds
* Official feeds will have access to audio trimming capabilities
* Notable incidents section for storage of audio archives
* Revamped feed alert system

Premium Subscriber Features ($6.95/month)

* Access to feed archives
* customized player page for managing favorite feeds
* Email and SMS alerting for listener counts, feed alerts, and other user defined criteria
* No advertisements
* Unlimited listening times on the Web players

We have a question and answer thread in the live audio forums that answers a number of existing questions we have received since the announcement:

http://forums.radioreference.com/live-audio-feed-administration/248932-broadcastify-questions-answers.html

== Transition ==

When the transition occurs, broadcasters will not have to change anything on their end - everything will automatically transition over to the new Broadcastify servers. Mobile apps, remote Web players, relays, etc will continue to function normally when the changeover is complete. We plan to have redirects in place on RadioReference.com for a good amount of time after thetransition on 10/15/2012.

Also note that we will not have a "premium feed broadcaster" offering, rather we will incorporate most of those previously announced features into theregular broadcasting platform on broadcastify for all providers, free of charge.

Feed providers will ALWAYS receive a free premium subscription on Broadcastify.com, however they will no longer receive a free premium subscription onRadioReference.com. We will provide a complimentary 90 day RadioReference.com subscription to every active feed provider after the transition is complete on 10/15.

Existing premium subscribers on RadioReference.com will have their subscriptions extended to Broadcastify for the term that they paid for on RadioReference.com. Meaning, if you paid for 180 days of a premium subscription on RadioReference.com and you have 120 days left, you will be automatically granted a 120 subscription on Broadcastify. New premium subscribers and renewals will be billed at a monthly rate of $6.95/month.

Exciting times are ahead for Broadcastify and Radioreference and I'm looking forward to the launch on 10/15.

Warm regards,

Lindsay

723. Improve your 700 and 800Mhz Reception on P25 Simulcast Sites

Yahoo group: ScanIndiana
Date: 2012-10-11 18:18:59 UTC
From: starcom21@RadioReference.com
Topic: 723 Message: 723

In most cases you will see a significant improvement on 700 and 800 MHz digital and analog systems with this base station beam antenna. The antenna is especially useful for improving reception when monitoring simulcast or multicast systems where strong signals from two or more sites are causing interference with one another. By aiming this antenna at one site you can often negate the effects other simulcast sites.

scannermaster.com *Improve your 700/800Mhz
Reception*

Beam Antenna: Improve your 700/800MHz Reception

Hello Terry,

Looking to improve reception on the 700/800 MHz bands?

824-960, 13dBi Terrawave Yagi Base Antenna
<http://www.policescanners.net/mmccatalog/274-j55-43768-78932/>
Reg. $61.95 - Sale $49.95

In most cases you will see a significant improvement on 700 and 800 MHz digital and analog systems with this base station beam antenna. The antenna is especially useful for improving reception when monitoring simulcast or multicast systems where strong signals from two or more sites are causing interference with one another. By aiming this antenna at one site you can often negate the effects other simulcast sites.

Antenna Specs
Frequency Coverage:
Gain (dBi):
Size:
Connector:

824-960MHz
13
50.4" Long
N-Style Jack (Female)

The TerraWave directional Yagi antenna operates in the 824 - 960 MHz frequency range. This Yagi Includes an articulating mount and has a 12 inch pigtail with N-style Jack.

*New Product: Indoor 700/800 MHz Yagi Directional Antenna with Desk Stand
*
<http://www.policescanners.net/mmccatalog/274-j55-43768-78933/>*Indoor

700/800 MHz Yagi Directional Antenna with Desk Stand*
<http://www.policescanners.net/mmccatalog/274-j55-43768-78933/>
Reg. $89.95 /*- Sale $69.95*/

For those who are able to mount the antenna outdoors that's usually the best way to go; however, if you are in an apartment or condo or just can't mount an outdoor antenna on your home, with the included simple stand system that we have created you can easily place the antenna on a desk or shelf and aim the antenna in different directions until the signal improves and interference decreases. The stand is made of wood and PVC and will not affect or deflect the signals in any way.

With 15 elements and 13db of gain this antenna most importantly has a 30 degree beam width making it perfect for aiming at one transmitter while helping to negate the affects of a transmitter located out of the beam. This TerraWave antenna is designed for transmitting between 824 and 960 MHz but for receive purposes it works well done to 740 MHz. The antenna weighs only 3 lbs. and includes a 12 inch pigtail with an N-connector. Included in the special stand package is an N to BNC adapter and a 6' jumper cable for extra length to bring the signal to your scanner.

726. RE: [ScanIndiana] Illinois FCC Applications / Modifications 10/6 - 10/13

Yahoo group: ScanIndiana
Date: 2012-10-13 22:59:00 UTC
From: ka9qjg
Topic: 725 Message: 726

Yes , I know this is Our Indiana Group But I got a Few E-Mails from some of our Members including Myself who Border Il ,, N/W Hammond ,, We thought it may be a good Idea to also Include Il So I ask Terry WX9SAR Who Started this Group and Still runs the Il and Others If he would also send this to Me So I could post it ,,

,Hope Everyone is OK with that and Remember this is Your Group and they are only as good as the Participation of its Members So if You have On Topic info that other may also like Please share the info ,,

Happy Scanning

Don KA9QJG

PS Winter is coming Do not forget to Check our Ants ,, Coax Etc

GRE US Personnel Attempt Restart of GRE Business. Same Customer Service,
Warranty and Repair Remains*

By Wayne Wilson, former Executive VP GRE

Tuesday, Oct. 16, 2012

FORT WORTH, Texas, Oct. 16, 2012 ☐ In early October, all US GRE Sales and Development team were advised by GRE-Japan that scanner manufacturing was shut down; nearly all GRE personnel in Asia and USA were dismissed. Since that time, the US Team has been working to rebuild the company and get back into production.

Personnel remain at the US office in Belmont, CA, 650-591-1400, charged with the responsibility to sell off all remaining scanner inventory and continue scanner customer service and repair, including warranty repair. It is intended that this office will remain open even once scanner inventory is depleted; this office also distributes the Alinco Amateur Radio product line.

Wayne Wilson, former VP, said, "We know the rumors are out there about GRE and the recent release of a free P25-Phase II (TDMA) firmware update for our PSR-800 last Friday, Oct 12th caused more confusion as scanner advocates asked themselves if GRE was still here or really gone? We were told gone, but we have launched a heroic effort to obtain rights to continue the same products as well as develop new scanners ☐ essentially pick up where it was dropped."

GRE thanks our loyal customers and dealers for past business, and probably under a new brand name, the US team will re-introduce this fine line of scanners sometime soon.

730. Illinois FCC Applications / Modifications 10/13 - 10/20

742. Happy Thanksgiving

Yahoo group: ScanIndiana
Date: 2012-11-21 23:06:26 UTC
From: ka9qjg1
Topic: 742 Message: 742

I would just like to take a little Time and Wish Everyone and Their Family a Very Happy Thanksgiving Our Thoughts and Prayers go out to all on the East Coast who are Homeless due to the Storm and To all Our Service People around the World

Have a piece of Pie on Me but you cook it http://tinyurl.com/y2fg33\ <http://tinyurl.com/y2fg33\>

And a Turkey too http://tinyurl.com/3gkerl <http://tinyurl.com/3gkerl>

The Turkey is what gets stuffed not you

http://en.wikipedia.org/wiki/Thankgiving
<http://en.wikipedia.org/wiki/Thankgiving>

Don

757. Happy, Healthy and Prosperous New Year. 2013

Yahoo group: ScanIndiana
Date: 2012-12-31 21:27:05 UTC
From: ka9qjg1
Topic: 757 Message: 757

I wish everyone a Happy, Healthy and Prosperous New Year.

Prayers and a Big Thank You to all our Service People around the World

73 De Don KA9QJG

Happy Scanning

Once the fireworks start you can add to it by moving your mouse around
and clicking on the screen.

767. Indiana FCC Applications / Modifications 2/2 - 2/16

Yahoo group: ScanIndiana
Date: 2013-02-16 20:34:57 UTC
From: SC21
Topic: 767 Message: 767

Hello All..

I've been doing a new job for the last 4+ months, where I am gone from home during the week, traveling in central/north central Illinois.

I have been documenting a lot of notes scanning along the way.. investigating and updating RadioReference.com

I have been getting behind on FCC Applications at time (Sending out and added notes to RadioReference.)

I have finally got my (Thunderbird) email set up properly on my laptop and will be sending out more emails to yahoo groups and updated facebook groups a little more often, hopefully.

Enjoy and thanks for the support!
Terry Weatherford, WX9SAR (formerly N9MAE)
RadioReference.com Admin for MO, IL, MI

768. Illinois FCC Applications / Modifications 2/2 - 2/16

Yahoo group: ScanIndiana
Date: 2013-02-16 17:08:13 UTC
From: starcom21@RadioReference.com
Topic: 768 Message: 768

Hello All..

I've been doing a new job for the last 4+ months, where I am gone from home during the week, traveling in central/north central Illinois.

I have been documenting a lot of notes scanning along the way.. investigating and updating RadioReference.com

I have been getting behind on FCC Applications at time (Sending out and added notes to RadioReference.)

I have finally got my (Thunderbird) email set up properly on my laptop and will be sending out more emails to yahoo groups and updated facebook groups a little more often, hopefully.

Enjoy and thanks for the support!
Terry Weatherford, WX9SAR (formerly N9MAE)
RadioReference.com Admin for MO, IL, MI

783. Should Police Scanners Be Public

Yahoo group: ScanIndiana
Date: 2013-04-22 20:13:41 UTC
From: ka9qjg1
Topic: 783 Message: 783

Listening to Scanner from the Boston Marathon Bombing

My Thoughts and Prayers go out to all involved

http://tinyurl.com/clh5u2o <http://tinyurl.com/clh5u2o>

Happy Scanning

Don KA9QJG

PS I Will Not Post the Comments You can read Them and Come to your on Thoughts on this,, Mine are as Follows Anything Confidential should NOT Be put out over Public Airways And I love My Scanning Hobby for over 40 Yrs USN , Law Enforcement and Ham Radio

784. IL FCC Applications / Modifications 4/20 - 4/27

787. Re: [ScanIndiana] Digest Number 636

Yahoo group: ScanIndiana
Date: 2013-05-08 06:37:17 UTC
From: Craig
Topic: 787 Message: 787

Is there a reason were not getting Michigan updates anymore?

Sure would like to have them back!

Craig

791. Re: [ScanIndiana] Digest Number 636

Yahoo group: ScanIndiana
Date: 2013-05-13 23:28:56 UTC
From: SC21
Topic: 787 Message: 791

Should be getting them all again this week.

I just got a little lazy for a while.

Terry

796. Happy and Safe Memorial Day Weekend

Yahoo group: ScanIndiana
Date: 2013-05-25 17:41:31 UTC
From: ka9qjg1
Topic: 796 Message: 796

Just like to Wish All Members, Readers Your Family and Friends a Happy
and
Safe Memorial Day Weekend - please keep in mind while you have fun with
your
family and friends or maybe get some free time to enjoy your radio and
the
bands that Freedom isn't FREE. Please thank those that serve and protect
us
and keep in mind those that gave the ultimate sacrifice so we can enjoy
our
Freedom.

73 De Don KA9QJG

The Effects of Non-P25 Digital Systems on Interoperability

While non-Project 25 (P25) digital radios work well, help resolve
frequency congestion and typically are sold for less cost than P25
radios, they could set back interoperability efforts. Here are five tips
to reverse the trend.... READ MORE

819. Bob Grove Motoring Times Retiring

Yahoo group: ScanIndiana
Date: 2013-07-26 07:02:03 UTC
From: ka9qjg1
Topic: 819 Message: 819

Being a Big Scanner buff and having a Communications Business I have Known Bob and Judy Grove over 30 Yrs, Bob went before Congress and explained Our Scanner Communications Hobby it was when the Congressman was herd on their Cell Phones on a Scanner That was one of the fastest Laws passed making it a Federal offense to Monitor Cell calls, Bob has always been a Big Promoter to out Hobby

I Wish Him and His Family the best If You have never seen a Monitoring Times Mag it is great

Happy Scanning Don KA9QJG

839. Fwd: NEWS - Vehicular Repeaters at 173 MHz

Yahoo group: ScanIndiana
Date: 2013-09-19 00:02:51 UTC
From: SC21
Topic: 839 Message: 839

CC Allows Vehicular Repeaters at 173 MHz, Requests Comment (9/17/13)
The FCC granted an amended petition in part and initiated a rulemaking that proposes to allow vehicular repeater systems (VRS) on six remote control and telemetry channels at 173 MHz, subject to coordination procedures. However, the FCC denied the portion of the amended petition that sought to initiate a rulemaking to permit VRS operations on nine federal and forest firefighting channels in the 170 -- 172 MHz band.

The FCC adopted the order and notice of proposed rulemaking (NPRM) in response to an amended petition for rulemaking filed by Pyramid Communications in 2011. Pyramid filed the request in 2010 and supplied additional information in 2011. The FCC asked for comments on the petition in 2011
<http://www.radioresourcemag.com/newsArticle.cfm?news_id=7586>.

The commission solicited comment on whether to amend Part 90 of the commission's rules to allow the licensing and operation of VRS and other mobile repeaters by public-safety licensees on certain frequencies in the VHF band.

"Given the importance of mobile repeaters to public safety, the purpose of this proceeding is to explore whether there is a need to make additional spectrum available to support mobile repeater capability," the order said.

Comments are due 60 days after publication in the Federal Register, with reply comments due 90 days after Federal Register publication. The full order and NPRM is here
<http://transition.fcc.gov/Daily_Releases/Daily_Business/2013/db0916/FCC-13-121A1.pdf>.

Your comments are welcome, click here <mailto:Edit@...>.

Federal Communications Commission

We regret the disruption, but during the Federal Government-wide shutdown, the FCC is limited to performing duties that are immediately necessary for the safety of life or the protection of property. FCC online systems will not be available until further notice.

* FCC Shutdown Plan <http://www.fcc.gov/Plan-for-Orderly-Shutdown-September-2013.pdf>
* Public Notice on Procedures for Filings <http://www.fcc.gov/DOC-323568-Procedures-for-Filings.pdf>
* Notice Regarding Pending Section 214 Applications Due to the Lapse in Appropriations <http://www.fcc.gov/DA-13-2020-Section-214-Apps.pdf>
* Auction 902 Short-Form Application Filing Window Suspended <http://www.fcc.gov/DA-13-2014-Auction-902.pdf>
* Informal Transaction Shot Clocks Suspended During Lapse in Funding <http://www.fcc.gov/DOC-323563-Transaction-Shot-Clocks.pdf>
* Postponement of October 2, 2013 E911 Location Accuracy Workshop <http://www.fcc.gov/DA-13-2019-E911-Workshop.pdf>

If you need to contact the FCC to address an emergency situation, please call: (202) 418-1122 or email: FCCOPCenter@... <mailto:FCCOPCenter@...>.

Telecommunications companies must continue to use the Network Outage Reporting System (NORS) <https://www.fcc.gov/nors/outage/>, which will remain available during the shutdown, to file reports of telecommunication service disruptions pursuant to Part 4 of the FCC's rules. NORS allows companies to file Notifications, Initial Reports and Final Reports. The information on service disruptions is essential to maintain and improve the reliability and security of the telecommunications infrastructure.

Vacancy announcements for positions that were open for receipt of applications have been closed and will re-open when the Government is operational.

During this time, the FCC is not accepting any deliveries of supplies, or services that have not been identified as necessary for the safety of life or the protection of property.

The Commission has issued a Public Notice <http://www.fcc.gov/DOC-323568-Procedures-for-Filings.pdf> concerning procedures for submissions that would be due to the FCC during the shutdown.

Generally, during a shutdown all FCC activities other than those immediately
necessary for the protection of life or property will cease. Suspended activities include,
among many others: Consumer complaint and inquiry phone lines cannot be answered;
consumer protection and local competition enforcement must cease; licensing services,
including broadcast, wireless, and wireline, must cease; management of radio spectrum
and the creation of new opportunities for competitive technologies and services for the
American public must be suspended; and equipment authorizations, including those
bringing new electronic devices to American consumers, cannot be provided.
When this shutdown plan is activated, all FCC employees will be instructed to
report to work the first business day following a lapse in appropriations if necessary to
conduct orderly shutdown of operations. FCC estimates that the time required for each
employee to accomplish an orderly shutdown will be not more than four (4) hours with
very rare exceptions detailed below. During this time, all but full-time furlough excepted
FCC employees will receive a notice of decision to furlough in the form of a letter
attached to an e-mail. The notice of decision will inform employees to cease regular
work activities. Employees being furloughed also will be provided shutdown instructions
advising them to engage only in shutdown activities, which include items such as:
o Securing the work area and locking up materials and files;
o Cancelling travel plans and scheduled training;
o Cancelling internal and external meetings and informing attendees;
o Cancelling FCC sponsored events and notifying participants, and
o Placing out-of-office messages on email and voicemail.
. With very rare exceptions detailed below, FCC estimates orderly shutdown will
be completed in approximately four (4) hours -- one half-day for planning purposes.
. FCC expects that approximately 1754 employees will be on-board before the
implementation of the plan.
. Up to six (6) employees will be retained under the plan because their
compensation is financed by a resource other than annual appropriations. These
are full-time employees. They include the FCC Chairwoman and two
Commissioners, and approximately three Inspector General (IG) no
year/Universal Service Funds Staff -- the three (3) IG staff; however,

may need to
be furloughed due to lack of excepted supervisors.
. Up to 16 employees, not otherwise exempt, will be retained to protect life and
property. These are full-time employees, working shifts to cover 24 hour and 18
hour operations. Up to two (2) employees working per shift at each location.
Staff of the FCC Operations Center handle emergency contacts for agency. Staff
of the High Frequency Direction Finding (HFDF) Center operate the high
frequency antenna system used to protect life and property. One (1) management
employee will oversee and coordinate regularly with both operations, and their
respective shifts, to help identify and respond to imminent threats to life or
property.
3
. Up to eight (8) employees will be retained to conduct interference detection,
mitigation, and disaster response operations wherever they may be needed. These
are full-time employees strategically located across the country who will resolve
imminent threats to the safety of life or property.
. Two (2) employees will be retained for critical oversight issues.*
. One (1) employee will be retained to conduct treaty negotiations -- functions
instrumental in the discharge of the President's constitutional powers. This is a
full-time employee.
. One (1) employee on detail to another agency will be retained to perform national
security functions instrumental in the discharge of the President's constitutional
power. This is a full-time employee.
. Four (4) employees will be retained for critical Information Technology (IT)
issues. One (1) part-time and three (3) full-time.
After the plan has been implemented, the 38 employees listed above, or 2% of those
on-board before the plan was implemented, will have been retained. The remaining
1716 employees, or 98% of those on-board before the plan was implemented, will
have been furloughed and sent home.
The FCC does not estimate that more than one-half day will be needed to complete a
shutdown, however, up to 10 employees in the Wireline Competition Bureau

and a
few employees from other offices may be needed for up to a day to
suspend recently
filed tariffs so they do not automatically take effect during the shutdown.
The number of employees to be retained to protect life and property will
not exceed
5% of the number of employees on-board at the beginning of a hiatus less
those
exempt.
In addition to the employees listed above, the following contractors
will be retained to
protect life or property:
1) 24/7 IT support to monitor system -- 15 full-time contractors, 12
per day working
varied shifts
2) Headquarters (HQ) Security Guards, eight (8) contractors (8:00 am to
6:00 pm,
Mon thru Fri) and five (5) at all other times
3) Field Security Guards, two (2) contractors (Gettysburg, PA and
Columbia,
MD)(5:30 am to 8:00 pm, Mon thru Fri)
4) Security Patrol Service for Honolulu (drive by twice daily)
The following employees, otherwise in furlough status, may be called
upon to work
on an as-needed basis during the furlough due to the nature of their
responsibilities:
Protection of Life or Property -- working as needed
1
1
"As needed" means that staff may be called upon to answer questions or
provide guidance on matters
relating to the protection of life or property or the orderly shutdown
of operations, or to perform these
excepted activities as the case requires. They will not work a regular
schedule.
5) Office of Managing Director (OMD) Senior Management Official* -
staff of two
(2)
6) Office of General Counsel (OGC) Senior Management Official* -- staff
of three
(3)
7) Enforcement Bureau (EB) Senior Management Official* -- staff of two (2)
8) Public Safety and Homeland Security Bureau (PSHSB) Senior Management
Official* -- staff of one (1)
9) Office of Inspector General (OIG) Senior Management Official* -
staff of two (2)
10) OIG staff to respond to FBI and DOJ - up to five (5) staff may be
called upon
11) Consumer and Governmental Affairs Bureau (CGB) Senior Management
Official* - staff of one (1)

12) International Bureau (IB) Senior Management Official* -- staff of
one (1)
13) Media Bureau (MB) Senior Management Official* - staff of one (1)
14) Wireline Competition Bureau (WCB) Senior Management Official* -
staff of one
(1)
15) Wireless Telecommunications Bureau (WTB) Senior Management Official* -
staff of one (1)
16) Office of Engineering and Technology (OET) Senior Management Official* -
staff of one (1)
17) EB Field Supervisors* and EB Field Staff to respond to emergencies
involving
the protection of life or property (e.g., interference with aircraft
frequencies)
18) COMSEC Personnel, staff of two (2)
19) Others employees or contractors as needed for immediate protection
of life or
property, such as to handle an unanticipated natural disaster, computer
security
issue, or other emergency
*Authorized to designate other staff to work on as needed basis
Orderly Shutdown Activity
OMD Payroll/Financial Operations, staff of five (5), to process payroll
for work
performed prior to shutdown - up to one day depending on when in the pay
period a
furlough occurs and whether payroll records have been transmitted to the
National
Finance Center.

///
//*Sprint Releases More 800 MHz Channels, Applications Allowed Oct. 29
(9/30/13)*
The FCC will update the Vacated Channel Search Engine (VCSE) with
additional records released by Sprint in the 809 -- 815/854 -- 860 MHz
(channels 231 -- 470) portion of the 800 MHz band.

The FCC will begin accepting applications Oct. 29 for facilities on the
channels made available by this public notice. Applicants that receive
licenses for channels vacated by Sprint must provide 30 days' notice to
Sprint before they activate a channel for testing or commence operations.

In connection with reconfiguration of the 800 MHz band, the FCC released
channels vacated by Sprint in the interleaved portion of the band. These
channels are exclusively reserved for public-safety applicants for three

years from the opening of a filing window and for public-safety and critical-infrastructure industry applicants for two years thereafter. After five years, any remaining vacated channels revert to their original frequency pools and become available for licensing to any eligible applicant.

The public notice is available here <http://transition.fcc.gov/Daily_Releases/Daily_Business/2013/db0930/DA-13-2004A1.pdf>.

Your comments are welcome, click here <mailto:Edit@...>.*

*
Private Wireless Licensees with Applications Pending Get Waiver to Operate (9/30/13)*
The FCC granted the request of the Enterprise Wireless Alliance (EWA) for a temporary waiver of Section 90.159(b) of the commission's rules to permit applicants for new or modified stations in the 470 -- 512 MHz, 806 -- 824/851 -- 866 MHz and 896 --901/935 -- 940 MHz bands to operate while the applications are pending.

The FCC said it agreed with EWA that the large number of VHF and UHF narrowbanding-related applications and the attendant temporary increase in processing time for all Wireless Telecommunications Bureau (WTB) applications is a unique or unusual factual circumstance for which waiver relief is appropriate.

The commission also agreed that, under the circumstances, restricting conditional authority to applications involving frequencies below 470 MHz during this period would be inequitable and unduly burdensome to applicants that could not have anticipated this increased processing time. Finally, the FCC concluded that temporarily allowing above 470 MHz PLMR applicants to initiate service consistent with the requirements of Section 90.159(b) would serve the public interest by permitting the more timely deployment of systems that serve many parties' communications needs.

The FCC granted the waiver only for private LMR (PLMR) applications filed on or before Dec. 31, 2013, because the commission said it expects processing times to return to normal by the time that applications filed thereafter are processed. The waiver doesn't apply to public-safety applicants or licenses.

The FCC reminded applicants that frequency coordination recommendations are advisory in character and not an assurance that the commission will grant the requested license. Conditional authority doesn't prejudice any action the commission may take on the application and may be modified or canceled at any time.

The full order is available here <http://transition.fcc.gov/Daily_Releases/Daily_Business/2013/db0926/DA-13-1989A1.pdf>.

Telecommunications companies must continue to use the Network Outage Reporting System (NORS) <https://www.fcc.gov/nors/outage/>, which will remain available during the shutdown, to file reports of telecommunication service disruptions pursuant to Part 4 of the FCC's rules. NORS allows companies to file Notifications, Initial Reports and

Final Reports. The information on service disruptions is essential to maintain and improve the reliability and security of the telecommunications infrastructure.

Vacancy announcements for positions that were open for receipt of applications have been closed and will re-open when the Government is operational.

During this time, the FCC is not accepting any deliveries of supplies, or services that have not been identified as necessary for the safety of life or the protection of property.

/last reviewed/updated on 10/10/2013/

Generally, during a shutdown all FCC activities other than those immediately
necessary for the protection of life or property will cease. Suspended activities include,
among many others: Consumer complaint and inquiry phone lines cannot be answered;
consumer protection and local competition enforcement must cease; licensing services,
including broadcast, wireless, and wireline, must cease; management of radio spectrum
and the creation of new opportunities for competitive technologies and services for the
American public must be suspended; and equipment authorizations, including those
bringing new electronic devices to American consumers, cannot be provided.
When this shutdown plan is activated, all FCC employees will be instructed to
report to work the first business day following a lapse in appropriations if necessary to
conduct orderly shutdown of operations. FCC estimates that the time required for each
employee to accomplish an orderly shutdown will be not more than four (4) hours with
very rare exceptions detailed below. During this time, all but full-time furlough excepted
FCC employees will receive a notice of decision to furlough in the form of a letter
attached to an e-mail. The notice of decision will inform employees to cease regular
work activities. Employees being furloughed also will be provided shutdown instructions
advising them to engage only in shutdown activities, which include items such as:
o Securing the work area and locking up materials and files;
o Cancelling travel plans and scheduled training;

o Cancelling internal and external meetings and informing attendees;
o Cancelling FCC sponsored events and notifying participants, and
o Placing out-of-office messages on email and voicemail.
. With very rare exceptions detailed below, FCC estimates orderly shutdown will
be completed in approximately four (4) hours -- one half-day for planning purposes.
. FCC expects that approximately 1754 employees will be on-board before the
implementation of the plan.
. Up to six (6) employees will be retained under the plan because their compensation is financed by a resource other than annual appropriations. These
are full-time employees. They include the FCC Chairwoman and two Commissioners, and approximately three Inspector General (IG) no year/Universal Service Funds Staff -- the three (3) IG staff; however, may need to
be furloughed due to lack of excepted supervisors.
. Up to 16 employees, not otherwise exempt, will be retained to protect life and
property. These are full-time employees, working shifts to cover 24 hour and 18
hour operations. Up to two (2) employees working per shift at each location.
Staff of the FCC Operations Center handle emergency contacts for agency. Staff
of the High Frequency Direction Finding (HFDF) Center operate the high frequency antenna system used to protect life and property. One (1) management
employee will oversee and coordinate regularly with both operations, and their
respective shifts, to help identify and respond to imminent threats to life or
property.
3
. Up to eight (8) employees will be retained to conduct interference detection,
mitigation, and disaster response operations wherever they may be needed. These
are full-time employees strategically located across the country who will resolve
imminent threats to the safety of life or property.
. Two (2) employees will be retained for critical oversight issues.*
. One (1) employee will be retained to conduct treaty negotiations -- functions
instrumental in the discharge of the President's constitutional powers. This is a
full-time employee.
. One (1) employee on detail to another agency will be retained to perform national

security functions instrumental in the discharge of the President's constitutional
power. This is a full-time employee.
. Four (4) employees will be retained for critical Information Technology (IT)
issues. One (1) part-time and three (3) full-time.
After the plan has been implemented, the 38 employees listed above, or 2% of those
on-board before the plan was implemented, will have been retained. The remaining
1716 employees, or 98% of those on-board before the plan was implemented, will
have been furloughed and sent home.
The FCC does not estimate that more than one-half day will be needed to complete a
shutdown, however, up to 10 employees in the Wireline Competition Bureau and a
few employees from other offices may be needed for up to a day to suspend recently
filed tariffs so they do not automatically take effect during the shutdown.
The number of employees to be retained to protect life and property will not exceed
5% of the number of employees on-board at the beginning of a hiatus less those
exempt.
In addition to the employees listed above, the following contractors will be retained to
protect life or property:
1) 24/7 IT support to monitor system -- 15 full-time contractors, 12 per day working
varied shifts
2) Headquarters (HQ) Security Guards, eight (8) contractors (8:00 am to 6:00 pm,
Mon thru Fri) and five (5) at all other times
3) Field Security Guards, two (2) contractors (Gettysburg, PA and Columbia,
MD)(5:30 am to 8:00 pm, Mon thru Fri)
4) Security Patrol Service for Honolulu (drive by twice daily)
The following employees, otherwise in furlough status, may be called upon to work
on an as-needed basis during the furlough due to the nature of their responsibilities:
Protection of Life or Property -- working as needed
1
1
"As needed" means that staff may be called upon to answer questions or provide guidance on matters
relating to the protection of life or property or the orderly shutdown of operations, or to perform these
excepted activities as the case requires. They will not work a regular

schedule.
5) Office of Managing Director (OMD) Senior Management Official* -
staff of two
(2)
6) Office of General Counsel (OGC) Senior Management Official* -- staff
of three
(3)
7) Enforcement Bureau (EB) Senior Management Official* -- staff of two (2)
8) Public Safety and Homeland Security Bureau (PSHSB) Senior Management
Official* -- staff of one (1)
9) Office of Inspector General (OIG) Senior Management Official* -
staff of two (2)
10) OIG staff to respond to FBI and DOJ - up to five (5) staff may be
called upon
11) Consumer and Governmental Affairs Bureau (CGB) Senior Management
Official* - staff of one (1)
12) International Bureau (IB) Senior Management Official* -- staff of
one (1)
13) Media Bureau (MB) Senior Management Official* - staff of one (1)
14) Wireline Competition Bureau (WCB) Senior Management Official* -
staff of one
(1)
15) Wireless Telecommunications Bureau (WTB) Senior Management Official* -
staff of one (1)
16) Office of Engineering and Technology (OET) Senior Management Official* -
staff of one (1)
17) EB Field Supervisors* and EB Field Staff to respond to emergencies
involving
the protection of life or property (e.g., interference with aircraft
frequencies)
18) COMSEC Personnel, staff of two (2)
19) Others employees or contractors as needed for immediate protection
of life or
property, such as to handle an unanticipated natural disaster, computer
security
issue, or other emergency
*Authorized to designate other staff to work on as needed basis
Orderly Shutdown Activity
OMD Payroll/Financial Operations, staff of five (5), to process payroll
for work
performed prior to shutdown - up to one day depending on when in the pay
period a
furlough occurs and whether payroll records have been transmitted to the
National
Finance Center.

849. FCC Databases back up

Yahoo group: ScanIndiana
Date: 2013-10-17 04:28:48 UTC
From: SC21
Topic: 849 Message: 849

With the government shutdown over, the FCC Databases are back up for business.

http://wireless2.fcc.gov/UlsApp/ApplicationSearch/searchAdvanced.jsp
http://wireless2.fcc.gov/UlsApp/UlsSearch/searchAdvanced.jsp
http://www.fcc.gov/data/search-gallery

Some parts of the FCC website appear to still be on the "shutdown" page.

ULS Online Systems
ASR Online Filing, ULS Online Filing (License Manager) are currently down. The remaining ULS/ASR applications are operating properly.

Federal Communications Commission

We regret the disruption, but during the Federal Government-wide shutdown, the FCC is limited to performing duties that are immediately necessary for the safety of life or the protection of property. FCC online systems will not be available until further notice.

SHUTDOWN UPDATE:

In light of the continuing lapse in appropriations and the resulting closure of the FCC, the Commission is unable to issue a Sunshine Notice today and hold an Open Meeting previously scheduled for October 22, 2013. As soon as the Commission resumes normal operations, we will promptly issue a Sunshine Notice and announce a new date for the October Meeting.

ADDITIONAL INFORMATION:

*

o FCC Shutdown Plan
<http://www.fcc.gov/Plan-for-Orderly-Shutdown-September-2013.pdf>
o Public Notice on Procedures for Filings
<http://www.fcc.gov/DOC-323568-Procedures-for-Filings.pdf>
o Notice Regarding Pending Section 214 Applications Due to the Lapse in Appropriations
<http://www.fcc.gov/DA-13-2020-Section-214-Apps.pdf>
o Auction 902 Short-Form Application Filing Window Suspended
<http://www.fcc.gov/DA-13-2014-Auction-902.pdf>
o Informal Transaction Shot Clocks Suspended During Lapse in Funding <http://www.fcc.gov/DOC-323563-Transaction-Shot-Clocks.pdf>
o Postponement of October 2, 2013 E911 Location Accuracy Workshop
<http://www.fcc.gov/DA-13-2019-E911-Workshop.pdf>

o Archived copies of the FCC's website can be found at This Link <http://web.archive.org/web/20130923213502/http://www.fcc.gov//> (this site is not affiliated with the FCC and access to its content is subject to the site's terms of use).The amount of material available through this site may be limited.
o Information Concerning Unemployment Compensation for Federal Employees <http://www.fcc.gov/Unemployment-Compensation-for-Federal-Employees.pdf>

If you need to contact the FCC to address an emergency situation, please call: (202) 418-1122 or email: FCCOPCenter@... <mailto:FCCOPCenter@...>.

Telecommunications companies must continue to use the Network Outage Reporting System (NORS) <https://www.fcc.gov/nors/outage/>, which will remain available during the shutdown, to file reports of telecommunication service disruptions pursuant to Part 4 of the FCC's rules. NORS allows companies to file Notifications, Initial Reports and Final Reports. The information on service disruptions is essential to maintain and improve the reliability and security of the telecommunications infrastructure.

Vacancy announcements for positions that were open for receipt of applications have been closed and will re-open when the Government is operational.

During this time, the FCC is not accepting any deliveries of supplies, or services that have not been identified as necessary for the safety of life or the protection of property.

From: SC21
Topic: 868 Message: 868

See PDF for a better view of information listed below

US National Weather Service Chicago Illinois
<https://www.facebook.com/US.NationalWeatherService.Chicago.gov>

US National Weather Service Central Illinois
<https://www.facebook.com/US.NationalWeatherService.CentralIllinois.gov>put
together a table of all 24 tornadoes that touched down in Illinois
during Sunday's historic tornado?#?outbreak?
<https://www.facebook.com/hashtag/outbreak?source=feed_text>. The long
term average for number of tornadoes in the entire state for the month
is 1. The preliminary total number of tornadoes in the outbreak in
Indiana is up to 27, the third most in one day in state history, only
trailing 4/19/2011 with 29 and 6/2/1990 with 37.

To see the table of Illinois tornadoes, click the link below:
http://www.crh.noaa.gov/images/lot/13nov17/13nov17_ILtors.pdf

870. Fwd: (CARMA) New Scanner Launch this Saturday

Yahoo group: ScanIndiana
Date: 2013-11-15 03:36:48 UTC
From: SC21
Topic: 870 Message: 870

FOR IMMEDIATE RELEASE:Uniden America
Irving, TX
Uniden America will be announcing their newest flagship scanners in an online event at noon Central Time on Saturday, November 16. The web site for the announcement is:
http://www.youtube.com/watch?v=zGPEEGw5NzE.
The presentation will last about 20 minutes. Additional details will follow the presentation.
Uniden America is the industry leader in public safety scanning.

Fed Agency, NENA Tackle Lack of 911 System Data
<http://www.911dispatch.com/2013/12/03/fed-agency-nena-tackle-lack-of-911-system-data/>

Posted: 03 Dec 2013 06:59 PM PST

Despite the widespread availability of 911 service in the United States, a just-issued report says a conspicuous lack of detailed data about 911 networks makes it difficult to manage and improve local systems, or to create a national 911 network. In a 24-page report, the *National 911 Program* office says no one knows precisely how many 911 calls are made, how many public safety answering points (PSAP) answer them, or how much it costs to operate 911 systems. Without that data, the report stays, ???It is difficult to know where to focus resources to improve service.??? Now the National 911 Office and the National Emergency Number Association (NENA) have begun to tackle this absence of data, adding to the existing National 911 Profile Database and Wireless Deployment Profile maintained by the two groups. The 911 Office and NENA are also working to combine the two collections of data with other sources, and hope to create a more useful view of 911. They also hope to improve 911 data collection???not all states report 911 data to the federal office. Download (pdf) the entire report here <http://pdf.911dispatch.com.s3.amazonaws.com/current_911_data_collection_july2013.pdf> for more statistics.

<http://www.911dispatch.com/graphics/911_deployment_april2013_big.gif>
